

Bulahdelah Central School

Works notification | 5 June 2024

Dear staff, parents and carers,

We'd like to provide you with an update on our work to upgrade Building A at Bulahdelah Central School.

In preparation for external painting work, we are replacing damaged ceiling linings in the walkway.

The ceiling linings are known to contain asbestos as listed on the school's asbestos register.

Work to remove the asbestos-containing material and replace with non-hazardous material is scheduled to take place on Saturday 21 June 2025.

The area will be inspected by the independent hygienist to confirm it has been fully remediated, and a clearance certificate will be issued before painting work starts.

All work will be done by licensed asbestos contractors in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

Safety measures will be in place while work is being done.

The building will remain fenced off with temporary construction fencing until all upgrade work is complete.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your patience and cooperation during this important work.
