

# Cessnock West Public School

## Works notification | 26 April 2023

Dear staff and parents/carers,

Upcoming maintenance works to upgrade the staff room in Building C at Cessnock West Public School will involve working with asbestos containing material in the wall linings and flooring.

Work to remove the material will take place on Saturday 29 April 2023. All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before works start.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected by the independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the room is reopened to staff.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
