

# Clemton Park Public School

## School holiday works notification | Spring 2025

Dear staff, parents, and carers,

The school holidays are the ideal time to complete maintenance and project work across the state without disrupting learning.

### Planned work over the upcoming holidays

We will be working at your school during the Spring School Holidays – from the end of the school day on **Friday 26 September 2025 up to Day 1 Term 4 Tuesday 14 October 2025**.

During this time, we will be replacing the flooring in 13 rooms in Building A at Clemton Park Public School. The first stage of this work includes the removal of tiles known to contain bonded asbestos underneath the carpet and existing flooring.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

This work will not disrupt the Out of School Hours (OOSH) and vacation care service which will be operating during the spring holidays from a different building at the school.

Vacation care will be temporarily relocated from Building I to the school hall in Building Q during the work. Building Q is located on the other side of the school and can be easily accessed via the Miller Street school gate entry.

Temporary fencing will be in place during the holiday period to isolate the building while works are underway. Once the tiles are removed a clearance certificate will be issued for works to continue. The flooring replacement is due to be finished by Day 1 Term 4 2025.

Work will take place between 7 am and 4 pm on weekdays.

Safety measures including fencing, air monitoring, signage and workers wearing personal protective equipment will be in place during this work. All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

All work will be completed by licensed asbestos contractors and inspected by an independent hygienist.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities. If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
