

Coniston Public School

Works notification | 7 June 2023

Dear staff and parents/carers,

We are upgrading the quadrangle asphalt and stormwater system at Coniston Public School. As part of this work, asbestos containing material in the ceiling eaves of the adjacent covered walkway will need to be removed to provide access.

The quadrangle is being safely used at present as the covered walkway ceiling eaves are undisturbed and out of reach to students and staff. The quadrangle will be cordoned off before the work starts, and safety measures and monitoring put in place.

Work to remove the ceiling eaves will take place outside of school hours between Saturday 17 June and Sunday 18 June 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the area is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
