

# Coonabarabran Public School

Works notification | 18 July 2023

Dear staff and parents/carers,

We are replacing the external window frames of the library building (Building I) at Coonabarabran Public School as part of planned maintenance. As part of this work, lead-based paint on the timber frames will need to be removed from the timber frames before they can be repainted.

The external area is currently cordoned off and within a construction site and will remain out of bounds until maintenance is finished.

The internal rooms in Building I are being safely used at present and will be cordoned off before work on the window frame starts. Additional safety measures and monitoring will also be put in place.

Work to remove the lead-based paint will take place after school hours between Tuesday 1 August and Friday 22 September 2023.

Work will be done in accordance with SafeWork NSW regulations. All work will be completed by licensed and accredited contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the contractor will receive a clearance certificate before maintenance continues in the area.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
