

Cootamundra Public School

Project update | December 2024

Dear staff, parents and carers,

We are providing you an update on the mould remediation work in Building B2 at Cootamundra Public School following our notification on [15 October 2024](#).

The department has appointed Joss Maintenance and Construction, following a tender process, to undertake the removal of the flooring and sub-flooring of Building B2.

Joss will conduct an onsite inspection and walkthrough of the building on Tuesday 7 January 2025, with work scheduled to begin the week of 13 January 2025.

This removal work will require the use of construction vehicles which will be parked on the school site.

For more information on how construction impacts will be managed, please scan the QR code or visit the school Infrastructure website: [Managing construction impacts in your community](#).

It is anticipated that this work will be completed before Day 1 Term 1 2025.

When the work to remove the flooring and sub-floor is finished, the department will initiate the procurement process to appoint a contractor for the work to install new flooring, sub-flooring and drainage systems underneath Building B2.

All work involving hazardous materials will take place outside of school hours with additional safety measures such as air monitoring and personal protective equipment in place while work is being done.

The health, safety and wellbeing of the school and local community is our highest priority.

We will keep the community updated.

Thank you for your cooperation during this important work.
