

Cootamundra Public School

Works notification | 15 October 2024

Dear staff, parents and carers,

We are writing to provide you an update on the mould remediation work in Building B2 at Cootamundra Public School.

As we notified you on [28 August 2024](#), the building requires extensive remediation of its floor and sub-floor areas.

During the Spring School Holidays, the department progressed through its procurement process to appoint a contractor to complete the work.

This is anticipated to be completed in the coming weeks.

All work involving hazardous materials will take place outside of school hours with additional safety measures and air monitoring in place while work is being done.

The health, safety and wellbeing of the school and local community is our highest priority.

We will keep the community updated.

Thank you for your cooperation during this important work.
