

Crookwell Public School

School holiday works notification | 17 July 2023

School Infrastructure NSW regularly inspects and maintains school infrastructure as part of a comprehensive and ongoing program to keep school assets in optimal condition and ensure the safety and wellbeing of our school community across more than 2,200 NSW schools.

The school holidays are the ideal time for some maintenance projects as it means work can take place without disrupting learning.

This is to notify you of work where planned maintenance over the holidays involved unexpectedly working with hazardous materials such as asbestos or lead containing material.

Remediation activities during planned maintenance over the winter school holidays

During planned maintenance to replace the carpet at Crookwell Public School, asbestos containing material within the vinyl tiles located under carpet was removed in a storeroom, staffroom, one classroom and a hallway in Building B, and an interview room, one classroom and the library in Building F.

An independent occupational hygienist was engaged to inspect the area and oversee the removal of the vinyl tiles.

Work to remove the vinyl tiles took place during the July school holidays, from the end of school on Friday 30 June to Monday 17 July 2023. Additional safety measures and monitoring were put in place before works started.

Work was done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work was completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The areas were inspected to ensure it has been fully remediated and the contractor received a clearance certificate to continue work. This planned maintenance work is now finished, and the area is open for use.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.

If you have any questions about the work, please contact us on the details below.
