

NSW Department of Education  
**Culcairn Public School**  
Works notification | 31 May 2024

Dear staff, parents/carers,

On Thursday 23 May 2024, we noticed a broken eave sheet at the back of the hall building at Culcairn Public School.

The eave is assumed asbestos as listed in the school's asbestos register and the area was made out of bounds immediately.

We have engaged an independent hygienist to organise a sample for testing and provide remediation recommendations, if required.

The area behind the hall is not normally used by staff and students, so it is not affecting regular school operations.

The health, safety, and wellbeing of the school and the local community is our highest priority. We will keep the community updated.

Thank you for your cooperation during this important work.
