

# Leeville Public School

## Works notification | 19 August 2024

Dear staff, parents and carers,

Further to the [Works Notification on 27 June](#) regarding the drinking water quality test results for Leeville Public School, remediation work has been completed by a qualified and accredited tradesperson following advice by an independent hygienist.

Re-testing of the affected tap outlet by an independent hygienist has returned results that meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the handwashing basin tap outlet, located in the trough of the practical activities area in Building A, has been restored and can be used again by students and staff.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
