

Dee Why Public School

Works notification | 19 October 2023

Dear staff and parents/carers,

We are upgrading the girls' and boys' toilets in Building D at Dee Why Public School.

As part of this upgrade, we have to work with asbestos containing material in toilet partitions. Work to remove these toilet partitions is planned to take place on Saturday 28 October 2023.

The toilets continue to be safely used prior to work starting, as the partitions are undisturbed and in good condition. The toilets will be cordoned off before the work starts.

All work involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before the work starts.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The toilets will be inspected by an independent hygienist to confirm they have been fully removed, and the contractor will receive a clearance certificate before the upgrade work continues.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
