

Denman Public School

Works notification | 21 May 2025

Dear staff, parents and carers,

A recent storm caused flooding in the infant boys toilets and a nearby classroom in the Administration Building at Denman Public School.

From Monday 19 May 2025 these areas will remain closed until repairs and cleaning can be completed.

Classes in the affected room will be temporarily relocated, and students can access alternative toilets at the school for the time being.

Plumbing and drainage repairs will be conducted during this period. The affected areas and surfaces will be environmentally cleaned and dried with fans, air scrubbers and dehumidifiers to prevent any potential mould from occurring.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding during this time.
