

Douglas Park Public School

Works notification | 22 June 2023

Dear staff and parents/carers,

During removal of the ramp leading to Building D at Douglas Park Public School, asbestos containing material was found in the top concrete panels of the ramp. As a precaution, the area has been cordoned off to keep students, staff and school visitors separate.

The area will remain out of bounds until the remediation is finished and additional safety measures and monitoring will be put in place before works start.

Works to remediate the ramp will take place after school hours on Saturday, 24 June 2023.

The area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited independent asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected to ensure it has been fully remediated and the school will receive a clearance certificate before the area is reopened to students and staff.

The health, safety, and wellbeing of the school and local community is our highest priority and we will continue to keep the community updated.

Thank you for your understanding during this important work.
