

# Eltham Public School

## Works notification | 3 March 2025

Dear staff, parents, and carers,

Following the works notification on [4 February 2025](#) regarding drinking water quality test results for Eltham Public School, remediation work has now been completed by a qualified and accredited tradesperson.

Re-testing of the affected tap outlets by the independent hygienist has confirmed the results meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the following bubbler and basin outlets has now been restored:

- practical activities area basins in buildings A and H
- student bubblers, including the sports court bubbler and handbasins in the Building A boys' and girls' toilet blocks.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
