

# Epping Public School

## Works notification | 12 June 2026

Dear staff, parents and carers,

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

### **Fence replacement**

We are pleased to advise we will be replacing the perimeter fence at Epping Public School.

As part of the fence replacement, 2 Electronic Access Controlled (EAC) entry gates with video intercom will be installed. The purpose of these cameras is to monitor entry into the school premises and add a level of security for students and staff.

The work includes:

- removing the existing boundary fence
- installing black 2.1 metre tubular steel palisade fencing
- installing 1 black 2.1 metre tubular steel palisade manual vehicle gate
- installing 2 Electronic Access Controlled (EAC) entry gates.

This work is scheduled to start on Monday 15 June 2026 and is expected to be finished by the end of Term 3 2026. Work hours are between 7 am and 6 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

As a precaution, the areas will be isolated to restrict access to students, staff and school visitors while work is being done. Safety measures such as temporary fencing will be in place during the work.

For more information on CCTV including how the department uses footage, privacy laws and record keeping, please visit the department's [CCTV – use of closed circuit cameras page](#).

If you have questions about any of this work, please contact the NSW Department of Education using the details below.

Thank you for your understanding and support during this important work.
