

Epping Public School

Works notification

20 September 2022

Dear staff and parents/carers,

Upcoming maintenance works to upgrade Blocks E, F & G as part of the Metro Renewal Program at Epping Public School will involve removing lead-based paint in the external surfaces of Blocks E, F & G.

Work will take place during the upcoming school holidays between Monday 26 September and Monday 10 October 2022. All lead containing material will be removed outside of school hours.

The area will be cordoned off before works start, and safety measures and monitoring put in place. It will remain out of bounds to students and staff until the removal and associated maintenance work is completed.

This material will be remediated in accordance with SafeWork NSW regulations. All work will be completed in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
