

Eungai Public School

Works notification | 5 June 2026

Dear parents, staff and carers,

We would like to provide you with an update on the works notifications sent on [Tuesday 17 March 2026](#) regarding the drinking water quality test results for Eungai Public School. We are pleased to inform you that work to the lower sports field bubbler has now been completed by a qualified and accredited contractor.

Following the completion of these works, the affected water supply outlet was re-tested by an independent hygienist. The results confirm that the water quality now meets the requirements of the [Australian Drinking Water Guidelines](#).

Access to the water supply outlet at the bubbler has been restored and can now be used by students and staff.

The health, safety, and wellbeing of all members of our school and local community remain our highest priorities.

If you have any questions about this process, please contact the NSW Department of Education.

Thank you for your understanding and support during this important work.
