

Fairy Meadow Public School

Works notification

24 November 2022

Dear staff and parents/carers,

A fragment of suspected asbestos containing material was recently found on the grass next to the school entry on Balgownie Road at Fairy Meadow Public School. As a precaution, to keep students, staff and visitors safe, the area has been cordoned off to allow for further investigations to take place.

We are following all the advice and protocols of independent asbestos hygienists and other experts.

Testing will then be conducted by an independent hygienist to confirm the nature of the material and if remediation is needed.

If necessary, this area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited independent asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure the area has been fully remediated and the school will receive a clearance certificate before the area is re-opened to students and staff.

The health, safety, and wellbeing of the school and the local community is our highest priority and we will continue to keep the community updated.

Thank you for your understanding during this important work.
