

Fingal Head Public School

Works notification | 27 May 2025

Dear staff, parents and carers,

On [5 February 2025](#) we informed you about work we undertook to encapsulate asbestos-containing soil during the Summer School Holidays at Fingal Head Public School.

As an extra precautionary measure, the area has remained restricted with temporary construction fencing until the contaminated soil is removed as recommended by the independent hygienist.

Update on hazardous material removal

Licensed contractors will remove the asbestos-containing soil from the area and transport it to a licenced hazardous materials disposal facility. This will take place on Saturday 31 May 2025 between the hours of 7 am and 5 pm.

All removal work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan.

Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors.

The area will be inspected by the independent hygienist to confirm it has been fully remediated, and a clearance certificate will be issued before it is reopened.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
