

Frenchs Forest Public School

Works notification | 14 August 2023

Dear staff and parents/carers,

We are replacing the windows and entry doors in Building B and C at Frenchs Forest Public School. As part of this work, asbestos containing material in ceiling sheets will need to be removed.

The areas are being safely used at present as the ceiling sheets are undisturbed and in good condition.

Work to remove the material will take place on Saturday 26 August 2023.

Work areas will be cordoned off, and additional safety measures and monitoring will be put in place under the advice of an independent hygienist before works start. They will remain out of bounds until the work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The areas will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before the areas are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
