

# Garah Public School

## Works notification | 7 February 2025

Dear staff, parents, and carers,

Following the [works notification on 7 June](#) regarding drinking water quality test results for Garah Public School, remediation work has now been completed by a qualified and accredited tradesperson.

Re-testing of the affected tap outlets by the independent hygienist has confirmed the results meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the following tap outlets has now been restored:

- classroom and bathroom sinks in Building A
- water tank external to Building A
- handbasins in the Building B boys' and girls' toilets.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
