

# Glenorie Public School

## Works notification | 16 December 2024

Dear staff, parents and carers,

As part of planned maintenance at Glenorie Public School, we are converting a small student toilet in Building E into an accessible toilet.

The partition walls in this toilet contain bonded asbestos, as listed in the school's asbestos register.

NSW Health explains that 'living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged'.

Work to remove and replace the toilet partition wall and ceiling will be done outside of school hours on Saturday 21 December 2024.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed asbestos contractors and monitored by independent hygienists.

The health, safety and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
