

Glenreagh Public School

Works notification | 29 October 2025

Dear staff, parents and carers,

Further to the [works notification from August 2025](#) about asbestos removal in the Building C music room at Glenreagh Public School, we are happy to share that removal has been completed and the ceiling has been replastered and repainted. The room will reopen in mid-November to enable the replacement of soft furnishings including carpet and to clean all hard surfaces.

On Saturday 13 September 2025, ceiling sheeting known to contain bonded asbestos was safely removed from the Building C music room.

All work was done in accordance with work health and safety laws and the SW Department of Education's Asbestos Management Plan. Safety measures were in place while work was done. All work was completed by licensed asbestos contractors.

The area was inspected by an independent hygienist to confirm it has been fully remediated, and a clearance certificate was issued.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your patience and cooperation during this important work.
