

# Goodooga Central School

Works notification | 14 August 2023

Dear staff, parents and carers,

Goodooga Central School is temporarily non-operational today due to a significant water leak under Building E caused by a blockage in the school's septic system.

School Infrastructure NSW is working closely with the school and qualified contractors to resolve the issue as quickly as possible.

A septic pumper truck arrived onsite this morning to pump out the excess waste water to enable further rectification work to occur.

The school is expected to re-open tomorrow (Tuesday 15 August)

The school will continue to keep the community up to date.

School Infrastructure NSW is working closely with qualified contractors to assess what other mitigation measures should be implemented.

The health, safety and wellbeing of the school and the local community is our highest priority.

If you have any questions, please contact School Infrastructure NSW on 1300 482 651 or email [schoolinfrastructure@det.nsw.edu.au](mailto:schoolinfrastructure@det.nsw.edu.au)
