Grenfell Public School

Works notification | 21 June 2023

Dear staff and parents/carers,

We are upgrading the student toilets in Building F at Grenfell Public School. As part of this work, asbestos containing material within the ceiling and toilet partitions will need to be removed.

The toilets are currently cordoned off within the construction site and separated by temporary fencing. Additional safety measures and monitoring will be put in place before asbestos removal works start.

Work to remove the material will take place between Saturday 24 June and Sunday 25 June 2023. All work involving asbestos containing material will take place outside of school hours.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The area will be inspected by an independent hygienist to confirm it has been fully remediated, and the contractor will receive a clearance certificate before the upgrade work continues.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
