

Gulgong Public School

Works notification | 11 March 2025

Dear staff, parents and carers,

As part of planned maintenance, we will be renovating the infant toilets in Building 3 at Gulgong Public School from Thursday 13 March 2025.

Work will include:

- replacing toilets and partitions
- installing new sink ware
- replacing tiles.

We will be removing bonded asbestos known to be present in toilet partitions and ceiling linings outside school hours on Thursday and Friday.

NSW Health explains that “living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged”.

The toilets will be locked from Thursday and alternate facilities are available on the school site.

All work will be done in accordance with work health and safety laws and the NSW Department of Education’s Asbestos Management Plan.

Safety measures, including temporary fencing, air monitoring and personal protective equipment (PPE), will be in place while work is being done.

All work will be completed by licensed asbestos contractors and monitored by independent hygienists.

The toilets are scheduled to reopen on Tuesday 13 May 2025.

We will keep the community updated.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
