

# Gulgong Public School

## Works notification | 28 May 2025

Dear staff, parents and carers,

As part of our planned maintenance, we will be upgrading the toilets in Building 1 at Gulgong Public School from Monday 2 June 2025.

Work will include:

- replacing toilets and partitions
- installing new sink ware
- replacing tiles.

We will be removing bonded asbestos known to be present in toilet partitions and ceiling linings outside school hours on Wednesday 4 June and Thursday 5 June 2025.

NSW Health explains that “living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged”.

The toilets in Building 1 will be locked from Monday 2 June 2025 and alternate facilities are available on the school site.

The toilets are scheduled to reopen on Thursday 24 July 2025.

All work will be done in accordance with work health and safety laws and the NSW Department of Education’s Asbestos Management Plan.

Safety measures including temporary fencing, air monitoring and personal protective equipment, will be in place while work is being done.

All work will be completed by licensed asbestos contractors and inspected by independent hygienists.

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
