

Gundagai Public School

Works notification – 11 March 2026

Dear parents, staff and carers,

On Tuesday 10 March 2026, a staff member identified visible edges of bonded asbestos on the soffit lining in the shade structure of Building G at Gundagai Public School- This is an area listed on the Schools Asbestos Management Plan.

Access to the playground area has been restricted and temporarily fenced while work to resecure the ceiling sheet is being carried out.

NSW Health explains that ‘living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged’.

Asbestos removal works are scheduled to take place from Wednesday 11 March 2026 until Monday 16 March 2026. Work hours are between 7 am and 4 pm Monday to Friday, and 8 am and 1 pm on Saturday, in line with NSW Environment Protection Authority guidelines.

All work will be done in accordance with work health and safety laws and the NSW Department of Education’s Asbestos Management Plan. Safety measures will be in place while work is being done. All work will be completed by licensed asbestos contractors.

The area will be inspected by an independent hygienist, and a clearance certificate will be issued.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding and support during this important work.
