

# Gundagai South Public School

Works notification | 7 June 2023

Dear staff and parents/carers,

We are replacing the ceiling and wall sheets in 3 storerooms in Building A at Gundagai South Public School. As part of this work, asbestos containing material within the ceiling and walls will need to be removed.

The areas are currently cordoned off and access is restricted to non-authorised personal. The storerooms will remain out of bounds until the remediation work is finished.

The material will be remediated as soon as a licensed and accredited contractor can be scheduled. Additional safety measure and monitoring will be put in place before works start and the area will remain out of bounds.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The storerooms will be inspected by an independent hygienist to confirm they have been fully remediated, and the school will receive a clearance certificate before they are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
