

Hammondville Public School

Works notification | 7 August 2023

Dear staff and parents/carers,

We are laying paving near the sports courts behind Building B at Hammondville Public School. As part of this work, suspected asbestos containing material in ground will need to be removed before pavers can be laid.

The area is currently safe at present as the material is undisturbed and underground. Additional safety measures will be put in place before works start.

Work to remove will take place on consecutive weekends from Saturday 19 August to Sunday 10 September 2023.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The sports court area will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the area is reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
