

Hay Public School

Works notification | 23 September 2024

Dear staff, parents and carers,

Staff members reported the possible presence of mould in the kindergarten and year one home base classrooms in Building I at Hay Public School on Friday 13 September 2024.

The rooms were closed with students and staff relocated to other classrooms from Friday.

An independent hygienist conducted an inspection, undertook air monitoring and took samples for testing yesterday (Tuesday 17 September).

The rooms will remain out of bounds until the hygienist advises they can be reopened.

Any work involving hazardous materials will take place with safety measures and air monitoring in place while work is being done.

All inspections and remediation works will be in accordance with recommendations from the independent hygienist.

The health, safety, and wellbeing of the school and the local community is our highest priority.

We will keep the community updated.

Thank you for your cooperation during this important work.
