

# Hinton Public School

Works notification | 9 February 2023

Dear staff and parents/carers,

On Friday 3 February 2023, during inspections prior to roof works at Hinton Public School, asbestos containing material was found in old vinyl tiles in a storage cupboard in the Administration Building. The area was immediately isolated and signage was installed. It will continue to be out of bounds to students and staff until remediation is completed.

Work to remove the material will take place on Saturday 11 February 2023. All works involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before works start.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure it has been fully remediated. The school will receive a clearance certificate before the area is reopened to students and staff.

The health, safety and wellbeing of the school and local community is our highest priority. Thank you for your cooperation during this important work.
