

NSW Department of Education
Holgate Public School
Works notification | 6 May 2024

Dear staff and parents/carers,

During a routine inspection at Holgate Public School, a staff member discovered mould in a storeroom in the Administration Building.

The room was immediately cordoned off and a specialist cleaning contractor engaged for remediation works.

A hygienist was also engaged to take surface and air samples in all rooms of the Administration Building with a report detailing any remediation works required. Following advice received from the hygienist and as an extra precaution, access to an additional staffroom was restricted.

Remediation work involves an environmental clean of all rooms in the Administration Building and removal of any impacted materials in affected areas.

Remediation work was scheduled between Monday 8 April and Friday 10 May 2024.

Following the remediation of the Administration Building the school will receive a clearance report before the rooms are reopened for use.

The health, safety, and wellbeing of the school and local community is our highest priority, and we will continue to keep the community updated.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
