

# Fernleigh Public School

## Works notification | 6 February 2025

Dear staff, parents and carers

Further to the [20 August 2024 works notification](#) regarding drinking water quality test results for Fernleigh Public School, remediation work has now been completed by a qualified and accredited tradesperson following advice by an independent hygienist.

Re-testing of the affected tap outlets by the independent hygienist has returned results that meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the tap outlets in the staff change room and staff kitchen in Admin Building A has been restored.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
