

The Junction Public School

Works notification | 16 October 2025

Dear staff, parents, carers and neighbours,

We are delighted to inform you that we are constructing a new multisport court behind Building P for The Junction Public School.

We hope to welcome students onto the court in Term 1 2026.

The new multisport area will include:

- a footsal court
- a volleyball court
- a soccer field
- a tennis court.

Progress update

The planning approval stage has commenced. Surveyors attended the site on Friday 3 October 2025 to look at the site's elevation and assess it against flood zones. A Review of Environmental Factors (REF) has been prepared and will be submitted on Friday 17 October 2025. The team will then determine whether all the requirements are met before construction can start.

Next steps

The timing of next steps depends on when the REF is approved.

The project will go out to tender after the team makes their determination. Then a two-week site establishment will take place, involving temporary fencing and the start of construction.

We hope to open the multisport court in Term 1 2025.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your cooperation during this important work.
