

Karangı Public School

Works notification

14 December 2021

Dear parents/carers,

During maintenance works at Karangı Public School, suspected asbestos containing material was found in Block D. The area is currently out of bounds and testing will be conducted by an independent hygienist to confirm the exact nature of the material and if remediation is needed.

If necessary, this area will be remediated in accordance with the Department of Education’s Asbestos Management Plan and SafeWork NSW regulations. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Testing will be completed to ensure the area has been fully remediated. The school will receive a clearance certificate before the area is open to students and staff.

A comprehensive COVID-19 Safety Plan will be in place for the site and the contractor will enforce strict compliance. Our construction sites will follow all current health guidelines, including all workers wearing masks for indoor work.

Safety is the number one priority for School Infrastructure NSW and we are following all health advice in relation to construction sites.

The health, safety, and well-being of the school and the local community is our highest priority and we will continue to keep the community updated.

Thank you for your cooperation during this important work.
