

# Kelso Public School

Works notification | 23 May 2023

Dear staff and parents/carers,

We are refurbishing the boys' and girls' toilets at Kelso Public School. As part of this work, asbestos containing material within the toilet partitions, ceiling sheets and vinyl tiles will need to be removed in the toilets and movement areas in Building 2.

The rooms are being safely used at present as the toilet partitions, ceiling sheets and vinyl tiles are undisturbed.

Building 2 will be cordoned off before the work starts, and safety measures and monitoring put in place.

Work to remove the material will take place between Saturday 27 May and Sunday 28 May 2023. All work involving asbestos containing materials will take place outside of school hours.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors, and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

Building 2 will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the toilets are reopened.

The health, safety, and wellbeing of the school and the local community is our highest priority.

Thank you for your cooperation during this important work.
