

Kempsey West Public School

Works notification | 28 November 2025

Dear staff, parents and carers,

Kempsey West Public School regularly uses the site of the previous Millbank Public School, also known as Hickeys Creek, for Aboriginal Education and Community Partnerships programs.

Further to the works notification from [22 September 2025](#) regarding the drinking water quality test results from the former Millbank Public School, remediation work has been completed by a qualified and accredited tradesperson following advice provided by an independent hygienist.

Re-testing of the affected tap outlets by an independent hygienist has returned results which meet the requirements of the [Australian Drinking Water Guidelines](#).

Access to the bubblers on the eastern side of Building A and the tap of the staffroom kitchen sink in Building E have been restored and can be used again.

The health and wellbeing of students, staff and the local community is our highest priority.

Thank you for your cooperation during this important work.
