

Kinchela Public School

Works notification | 7 August 2025

Dear staff, parents and carers,

During the strong winds on Saturday 2 August 2025, power lines were damaged and power was disconnected to Kinchela Public School.

The school was closed 4–6 August due to the power outage. Work to repair the power lines was finished on Wednesday 6 August, power was restored and the school reopened today, on Thursday 7 August.

While the school was closed, our students and staff used Gladstone Public School as an alternative learning site. We are grateful for their support.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

We appreciate the patience of our community during this disruption and look forward to resuming teaching and learning at Kinchela Public School.

Thank you for your cooperation during this important work.
