

Kincumber Public School

Works notification | 27 May 2025

Dear staff, parents and carers,

The current severe weather has caused leaks which has resulted in flooding in several rooms at Kincumber Public School.

These rooms comprise:

- 2 support unit classrooms in Building D
- 3 classrooms in Building J
- storeroom in Building M.

From Friday 23 May 2025 these areas will remain closed until repairs and cleaning can be completed. Classes in the affected rooms will be temporarily relocated to other rooms at the school during this time.

We will aim to have these repairs completed as soon as possible.

Following the repairs, the affected areas and surfaces will be environmentally cleaned and dried with fans, air scrubbers and dehumidifiers to prevent any potential mould from occurring.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding during this time.
