

Kincumber Public School

Works notification | 5 June 2025

Dear staff, parents and carers,

As part of planned maintenance, we are refurbishing the girls and boys (Building L) toilets at Kincumber Public School.

The refurbishment will include:

- new toilets
- new toilet partition walls
- new tiling
- new fixed aluminium window louvres
- repainting.

From Saturday 21 June 2025 until early August 2025 the toilets will be closed and fenced off within a construction zone. During the refurbishment, alternative student toilets at the school are available to use.

Ceiling panels in these toilets contain bonded asbestos as listed on the school's asbestos register. To prepare for this refurbishment the ceiling panels will be removed.

NSW Health explains that "living or working with asbestos, or just being around it, is a low risk to your health as long as the asbestos is in good condition and not damaged".

The removal of asbestos-containing materials will take place on Saturday 28 June 2025.

All work will be done in accordance with work health and safety laws and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed asbestos contractors.

After the asbestos removal work, the toilets will be inspected by the independent hygienist and cleared for construction to continue.

Construction hours for the toilet project are 7 am to 5 pm Monday to Friday and 8 am to 5 pm Saturday.

The toilets are expected to be reopened by early Term 3 2025.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
