

# Kulnura Public School

## Works notification | 11 November 2024

Dear staff, parents and carers,

As part of planned maintenance, we are repairing the weather shed (Building D) at Kulnura Public School. Recent testing conducted by an independent hygienist confirmed that paint on the weather shed contains lead. The paint is currently in good, undisturbed condition.

Work to remove the lead-containing paint is scheduled to take place on Saturday 30 November 2024. Temporary fencing will be installed prior to the work commencing. Fencing will remain in place until 21 December 2024, to isolate the building from students and staff during the repair work.

Following this removal work, several components of the shed will be replaced as required.

All work will be done in accordance with work, health and safety laws. All work will be completed by licensed contractors and monitored by an independent hygienist.

Following the removal work the building will be inspected by the independent hygienist and clearance will be issued before the building is reopened.

The health, safety and wellbeing of the school and the local community is our highest priority.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
