

Lidcombe Public School

Works notification | 26 March 2025

Dear staff, parents and carers,

On Thursday 20 March 2025 mould was detected in the sub floor of Building A at Lidcombe Public School.

As a precaution, the building was immediately closed and access has been restricted. The three classrooms inside the building have been relocated to buildings C, G and D.

On Monday 24 March we engaged cleaners to conduct an environmental clean in Building A and remove any impacted materials.

Use and access to the building will continue to be restricted until the environmental clean is completed and the area is fully remediated. All cleaning is being done with safety measures in place.

NSW Health advises that mould is present virtually everywhere, both indoors and outdoors, and is part of a group of very common organisms called fungi that also include mushrooms and yeast.

Further information can be found on the [NSW Health Mould Factsheet](#).

The health, safety, and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
