

Lisarow Public School

Works notification | 23 March 2023

Dear staff and parents/carers,

The old canteen demountable located between Buildings L and F will be removed from site at Lisarow Public School. In preparation for transportation, asbestos containing material located within the walls and ceilings will be removed.

The demountable is currently safe as the walls and ceilings are undisturbed and in good condition.

The asbestos containing material will be removed on the weekend of Saturday 1 April and Sunday 2 April 2023. All works involving asbestos containing materials will take place outside of school hours, with additional safety measures and monitoring in place before works start.

The area will be cordoned off before works start, and it will remain out of bounds to students and staff until the removal work is finished.

Work will be done in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies, and guidelines.

The demountable will be inspected by an independent hygienist to confirm it has been fully remediated, and the school will receive a clearance certificate before the demountable can be removed from school site.

The health, safety, and wellbeing of the school and the local community is our highest priority. Thank you for your cooperation during this important work.
