

# Lochinvar Public School

## Works notification | 20 May 2025

Dear staff, parents and carers,

A recent storm caused flooding on the school grounds affecting access to 3 demountable classrooms at the back of Lochinvar Public School.

The school is currently under minimal supervision due to localised flooding. We will continue to keep the community updated once more information is available.

From Monday 19 May 2025, the 3 demountable classrooms will remain temporarily closed until the water recedes and we can assess any repairs and cleaning required before reopening.

Classes have been temporarily relocated, and alternative classrooms at the school can be used for students attending.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding and patience during this time.
