

Maitland East Public School

Works notification | 13 November 2024

Dear staff, parents, carers and neighbours,

As part of planned maintenance work, we are replacing the roof of the Administration Building (Building A) in the Summer School Holidays 2024–2025 at Maitland East Public School.

As advised by the independent hygienist we will be remediating the encapsulated materials in the roof cavity of this building which contains lead.

To minimise any disruption to learning, this remediation and roof replacement work has been scheduled to take place between 23 December 2024 and 1 February 2025.

All work will be in accordance with work, health and safety laws. All work will be completed by licensed contractors and monitored by independent hygienists.

The building will be inspected by the independent hygienist to confirm it has been fully remediated, and a clearance certificate will be issued for the building to be reopened for the beginning of Term 1, 2025.

The health, safety and wellbeing of the school and the local community is our highest priority.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
