

# Maitland East Public School

## Works notification | 20 March 2026

Dear staff, parents, carers and neighbours,

We would like to provide you with information about upcoming tree pruning work at Maitland East Public School.

The NSW Department of Education manages trees on school sites in accordance with state planning regulations, our departmental Tree Management Guidelines and advice from independent arborists. Each year we engage qualified arborists to proactively inspect the health, safety and stability of trees on public school sites.

During the most recent inspection at Maitland East Public School, the independent AQF5 arborist recommended trimming of the branches on trees along the boundary of Maitland East Public School and Newcastle, William and Lawes Street.

Branch trimming of these trees will take place between 7 am and 6 pm on **Tuesday 24 March 2026**.

Contractor vehicles will enter via William Street and park within the school.

Tree trimming work will be done entirely within the school boundary. There may be some noise during this time and we will make every effort to ensure works are carried out efficiently with minimal disruption to the school and local community.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

Thank you for your understanding during this important work.
