

Maroota Public School

Works notification | 20 March 2025

Dear staff, parents and carers,

Students were sent home from Maroota Public School yesterday after a water issue in the standalone student toilet block (Building D).

There was no power to the pump in the toilet block, meaning that water could not be pumped in or out.

Power has since been restored and the pump is working again.

The school is back to usual operations today, Thursday 20 March 2025.

The health, safety and wellbeing of the school and the local community is our highest priority.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your cooperation during this important work.
