

Mascot Public School

Works notification | 17 February 2023

Dear staff, parents/carers,

Ongoing concrete replacement works at Mascot Public School will involve working with asbestos containing material in the ground near the shade structure next to the playground.

Due to transport delays to deliver the new top soil and a shortage of contractors, works to remove the material will continue on:

- Saturday 18 February 2023
- Saturday 25 February 2023
- Saturday 4 March 2023
- Saturday 11 March 2023.

All asbestos containing material will be removed outside of school hours and in accordance with the advice of the independent hygienist.

The area is cordoned off within the worksite and safety measures have been implemented including installing a fence around the perimeter and sandbags to enclose the asbestos containing material. Air monitoring will be in place before works start and it will remain out of bounds to students and staff until the remediation and associated maintenance work is completed.

This area will be remediated in accordance with SafeWork NSW regulations and the NSW Department of Education's Asbestos Management Plan. All work will be completed by licensed and accredited asbestos contractors and monitored by occupational hygienists in strict accordance with all applicable legislation, regulations, policies and guidelines.

The area will be inspected to ensure the area has been fully remediated and the school will receive a clearance certificate before the area is re-opened to students and staff.

The health, safety and wellbeing of the school and local community is our highest priority.

Thank you for your patience.
