

Medowie Public School

Works notification | 23 May 2025

Dear staff, parents and carers,

The current severe weather has caused leaks which resulted in flooding in a computer room and several classrooms in buildings I and K, the library building (M) and a demountable classroom at Medowie Public School.

From Wednesday 21 May 2025 these areas will remain closed until the required repairs and cleaning can be completed. We will aim to have these repairs completed as soon as possible.

Classes in the affected rooms will be temporarily relocated to other rooms at the school during this time.

Following repair work, the affected areas and surfaces will be environmentally cleaned and dried with fans, air scrubbers and dehumidifiers to prevent any potential mould from occurring.

The health, safety and wellbeing of all members of our school and the local community are our highest priorities.

If you have any questions about this work, please contact the NSW Department of Education on the details below.

Thank you for your understanding during this time.
